November 19, 2020

Dear Valued Customer:

In 2020, Unison Industries signed an extension to our existing agreement with AAR Supply Chain, Inc for AAR to continue to serve as the exclusive distributor for aerospace products to those customers served by the Unison Industries Distribution Network. We continue to be excited by our expanded relationship with AAR and the breadth of benefits this relationship has and will provide to all our Distribution Network customers. Our agreement gives our network of customers direct access to sales personnel in matching time-zones, globally distributed inventory (US, Netherlands, Germany, UAE, Singapore and China), material and order management, repair management and other logistic solutions.

The terms of the deal is for 11 years from the date of the agreement and so AAR remains the exclusive distributor of aerospace parts through December 2031. If you have questions about this or any other matter relating to Unison Industries please contact me or your Unison Regional Sales Director, or the AAR sales professional assigned to your account.

A handwritten signature in blue ink, appearing to read "Jon H. Wood".
