Subject: APU Distribution Agreement

To Whom It May Concern,

In March 2018, Pratt & Whitney (Business CAGE Code 52661/Manufacturing Cage Code 55820) ("P&W") and AAR Defense Systems & Logistics (CAGE Code 1Y249) ("AAR") entered into a five (5) year Distributor Agreement whereby AAR was granted exclusive distributorship rights for the sale of spare parts to the United States Government for P&W manufactured Auxiliary Power Units used on the CH-46, CH-47D, CH-53, C5, EH/AH101, H-60, KC-135, LCAC, and V22 aircraft. AAR is also the exclusive distributor for the Jet Fuel Starter used on the F-16C/D and the preferred distributor for these same applications for international customers. This Distributor Agreement, currently in effect through February 2023, provides for a five-year extension upon mutual agreement. P&W and AAR have both expressed their interest in executing this option and are currently in discussions to formalize the extension which the parties reasonably expect will be completed before the current agreement expires.

Best Regards,

Paige M. Johnston
