

AAR DISTRIBUTION  
UNISON BRANDED DISTRIBUTOR AGREEMENT  
AGT NO. AAR-2020-06-22

**AMENDMENT NO. 2**  
**TO**  
**UNISON BRANDED DISTRIBUTOR AGREEMENT**  
**AGT NO. AAR-2020-06-22**

**BETWEEN**

**AAR SUPPLY CHAIN, INC.**  
**and the affiliates of AAR Distribution that are signatories hereto**

**AND**

**UNISON INDUSTRIES, LLC**

**UNISON BRANDED DISTRIBUTOR AGREEMENT**

GE Designated: CONFIDENTIAL – authorized distribution only

A handwritten signature in black ink, appearing to be "Cif" or "Cif" followed by a flourish, with "JDM" written below it.

This **AMENDMENT NO. 2** (this "**Amendment**") is made effective as of September 30 2022 (the "**Effective Date**"), among AAR SUPPLY CHAIN, Inc., with a principal place of business at 1100 North Wood Dale Road, Wood Dale, Illinois 60691 (the "**Distributor**"), the affiliates of Distributor that are signatories hereto, and Unison Industries, LLC, with a principal place of business at 7575 Baymeadows Way, Jacksonville, Florida 32256 (the "**Company**" or "**Seller**").

**WHEREAS**, the parties hereto entered into that certain Unison Branded Distributor Agreement (as amended, the "**Agreement**") dated June 22, 2020 among Distributor, the affiliates of Distributor that are signatories thereto, and Company.

**WHEREAS**, the parties wish to expand the Agreement AGT No. AAR-2020-06-22 to include additional products, fees, and conditions. The Parties agree and amend the Agreement as detailed below.

**NOW, THEREFORE**, the parties agree as follows:

1. Appendix 1 to this Amendment is added as Exhibit 7 to the Agreement.
2. The table in Section 2.1 is hereby deleted in its entirety and replaced with the following table:

Industry	Products	Territory	Buyers
Aviation & Aerospace, and Military & civil Land and vehicles	See Exhibits 2, 3, 4, 6 and 7 of this Agreement	Worldwide	All Buyers, subject to Article 2.3 hereof.

3. The definition of Products in Exhibit 1 to the Agreement is deleted in its entirety and replaced with the following:

"Products                      Those products listed in Exhibit 2 (other than excluded products), Exhibit 3, Exhibit 4, Exhibit 6, and Exhibit 7 to the Agreement and made an integral part hereof, as such Exhibits may be amended, restated, supplemented or otherwise modified from time to time by mutual agreement of the parties.

4. The following Section 2.5 is added to the Agreement:

"2.5 Company reserves the right to sell any Products directly to any buyer/customer when Distributor has delivered repeat poor customer service and responsiveness (e.g., not solely because of price or any impact related to Company late delivery beyond cumulative manufacture lead time or Product performance) as demonstrated by the customer through documentary evidence."

5. Section 3 of the Agreement is deleted in its entirety and replaced with the following:

"3. The term of this Agreement shall commence on the Effective Date and shall expire on December 31, 2032, unless sooner terminated as provided in the Article Termination under the Exhibit 1 attached hereto. The Company and Distributor may mutually agree in writing to renew this

Agreement for subsequent five (5) year periods. Such elections to renew shall be agreed upon at least ninety (90) days prior to the expiration date specified in this Article 3. Any renewal shall be limited to the period specified in such writing and shall expire at the end of such period unless it is further renewed in writing prior thereto.

6. The following sentence shall be added at the end of Section 4.2 of the Agreement:

"The pricing, discount and other terms applicable to the Products listed in Exhibit 7 are set forth in such Exhibit 7."

7. The following Section shall be added as a new section 4.3 to the Agreement:

"4.3 In the event that either party believes that an additional discount is necessary to win or retain business, the Distributor may request, or Company may offer an incremental discount to facilitate Distributor winning or retaining the business. Such incremental discount shall be passed along one hundred percent (100%) to the customer. The parties agree to cooperate in good faith, through escalation to senior leadership, to address (i) such discount issues and (ii) actions that adversely affect Company's win rate, including but not limited to, product price decreases, PMA, DER. Company also agrees to include Distributor in discussions relating to product agreements with customers on material not included in this Agreement to assist Distributor in leveraging its competitive product mix. "

8. The following Sections 5.12, 5.13, 5.14, 5.15, and 5.16 are added to the Agreement:

"5.12 Distributor agrees to weekly operating reviews, to conduct business reviews including attendees from both Product Line and Sales organizations to review opportunities to improve win rates, sales campaigns, on time delivery, etc. Attendees shall include Company Vice President of Sales and Distributor Vice President of Sales (or their delegates).

5.13 Distributor and Company will hold (i) quarterly operating reviews which shall be attended by the Company President and Distributor President and Chief Executive Officer and (ii) quarterly compliance reviews with Company compliance/legal and Distributor Chief Compliance and Ethics Officer.

5.14 At the end of each fiscal quarter, Company will sample survey any customers for satisfaction to ensure business and customer needs are met.

5.15 Distributor will hire at least one resource to sufficiently support and monitor contract adherence, acting in the role of program manager. Specific functions to include: strategic forecasting and planning of inventory on a rolling twenty-four (24)-month basis in partnership with and alignment to the published Company sales and operation planning cycle. Program manager to serve as primary Distributor point of contact for development of annual business plans, customer/market intel flow down and key contractual metrics.

9. Article 7 of the Agreement is hereby deleted in its entirety and replaced with the following:

"7. License Fees and Growth Targets

7.1. License Fees. The Distributor will pay to the Company License Fees on the following dates: (1) in consideration of the terms and conditions of this Agreement, including without limitation the right to distribute through December 31, 2032 and for calendar year 2020, \$25,000,000 payable within seven (7) calendar days of execution of this Agreement but in no event later than June 30, 2020; and (2) for each of calendar years 2020 through 2022, 2.35% of Distributor net sales of Unison Products in that year, payable by January 31 of the following year. In addition, Distributor will pay to

the Company License Fees on the following dates: (x) for the right to distribute through December 31, 2032 and for calendar year 2022, \$18,000,000 payable no later than September 30, 2022 ("**Expansion Upfront License Fee**"); and (y) for each of calendar years 2023 through 2032, 3.50% of Distributor net sales of Unison Products in that year, payable by January 31 of the following year. For purposes of this section, net sales shall mean gross sales (to all customers) less allowances, discounts and returns, provided that for 2020, net sales shall be based only on sales, allowances, discounts and returns to GE Aviation customers. For clarity, the first payment of 3.50% of net sales will occur in January 2024 based on 2023 net sales, and the last payment will occur in January 2033 based on 2032 net sales.

7.2 Growth Targets. This subsection 7.2 is applicable only to Exhibit 7 Products Agreement.

7.2.1. The running average annual growth rate ("Growth Target") across an Exhibit 7 Product should be greater than or equal to five percent (5%) per annum above the calculated annual fleet utilization growth or decline (defined in flight hours) as reported by a reputable third-party source for global flight tracking services - FlightAware, Flightradar24 or a mutually agreed upon equivalent (January through December) through December 31, 2032 for the attached listing of Exhibit 7 Products. For example, if the specific Exhibit 7 Product shows a fleet utilization year over year growth of ten percent (10%), the Distributor growth target would then be fifteen percent (15%).

7.2.2 The Growth Target for Exhibit 7 Products will be measured in annual unit volume, not revenue dollars, and commence one full year starting January 1, 2024.

7.2.3 The Distributor volume growth rate will be measured by the following methodology:

The annual unit volume bookings from Distributor to customers on a calendar year over calendar year basis - calculated for the prior year by January 30th of each year, segregated by Exhibit 7 Product.

7.2.4 The Growth Target will be calculated using the following methodology:

(fleet flight hours for prior year – fleet flight hours from two (2) years prior) divided by (fleet flight hours for prior year).

Example: The fleet utilization calculated in January 2024 for the 2023 calendar year are (fleet flight hours for 2023 - fleet flight hours for 2022) ÷ (fleet flight hours for 2022)

7.2.5 Running average annual growth rate will be defined as a rolling average of the above calculations. For example, if the growth rate of a unit volume is 7% from Year 2 to 3 and 3% from Year 3 to 4; the running average annual growth rate will be calculated using the 24 months of volume data and then averaged to an annual basis (i.e., percentage) by dividing by two.

7.2.6 Exceptions to the Growth Targets are defined as follows:

- I. Company fails to meet written delivery commitments to Distributor for the Exhibit 7 Products such that Distributor is prevented from satisfying specific customer agreements that would have otherwise enabled it to achieve growth targets. In such case, Distributor will provide to Company the part number, expected delivery date, and actual delivery date, in writing, and Company will confirm, at its sole discretion, said impact.
- II. Company is not sufficiently able to address technical questions or concerns, for the Exhibit 7 Product, as part of the sales process. In this case, sufficiently able is defined as: Company not addressing technical questions or concerns as reasonably proven through test data or written customer testimony that Exhibit 7 Product failure rate is greater than that of the competitor, and this has been made known to Company and Company has not taken reasonable action to correct.

**AAR DISTRIBUTION  
UNISON BRANDED DISTRIBUTOR AGREEMENT  
AGT NO. AAR-2020-06-22**

III. Distributor has engaged with Company in efforts to gain new customer business with detailed, written customer feedback and requirements as well as a recommendation for gaining market share and Company has not demonstrated commercially reasonable willingness to assist in the process, per 4.3 in this Agreement; provided that said recommendation does not economically disadvantage Company, for example a price reduction of more than 15% off of list, on a large volume of parts; does not include any military (non-commercial) Products; does not include Products under an existing contract with a customer; and does not include any non-Exhibit 7 Products.

IV. If Distributor has reasonably demonstrated to Company that Distributor has reached a suitable and realistic market growth level for an Exhibit 7 Product based on market conditions, that Exhibit 7 Product will no longer be subject to future growth targets in excess of the market, subject to written mutual agreement by the parties.

V. None of the Exhibit 7 Products identified as "Rockford" in the Category column of Exhibit 7 will be subject to, nor taken into account when calculating any Growth Targets.

7.2.7 Distributor will attain the Growth Target for Exhibit 7 Products by the end of December 31, 2024. If the running average annual growth rate falls below five percent (5%) in any given year, Distributor shall have one year to recover the average to five percent (5%).

7.2.8 Notwithstanding anything to the contrary in this Agreement, Company may not terminate the scope and obligations related to Exhibit 7 until January 1, 2028 at the earliest. As of January 1, 2028 and for each year thereafter, if Distributor has not met or exceeded, to Company's satisfaction, sufficient growth based on the formulas and methodology laid out above in this Article 7, Company will have the right to terminate Exhibit 7 and the obligations related to such scope with just cause. In the event Company terminates as stated here, Company shall repay Distributor a pro-rata amount of the Expansion Upfront License Fee per the table below.

Fee Proration (USD)	Company Holdback %	Distributor %	Calendar Year	Termination Year
\$18,000,000	N/A	N/A	2022	2023
\$17,406,000	N/A	N/A	2023	2024
\$15,930,000	N/A	N/A	2024	2025
\$14,004,000	N/A	N/A	2025	2026
\$11,970,000	N/A	N/A	2026	2027
\$9,900,000	55%	45%	2027	2028
\$7,866,000	44%	56%	2028	2029
\$5,868,000	33%	67%	2029	2030
\$3,888,000	22%	78%	2030	2031
\$1,908,000	11%	89%	2031	2032
\$0	0%	100%	2032	-

7.2.9 Company's termination right as stated in this Section 7.2.8 would apply only to the termination of Exhibit 7 and the applicable related sections of the Agreement; it does not apply to the remaining scope of the Agreement (including, without limitation, ATSS terms). If Company terminates Exhibit 7, Sections 9.1(a), 9.1(b) and 9.1(c) of Exhibit 1 to the Agreement ("RIGHTS AND OBLIGATIONS UPON EXPIRATION OR TERMINATION") will apply to the Exhibit 7 Products in Distributor's possession and remain in effect for the remaining scope of the Agreement and the License Fees language will return to the payment provisions as set forth in subsections (1) and (2) of 7.1 of the Agreement.

7.2.10 If Company terminates this Agreement or Exhibit 7 pursuant to Section 8.1(c) of Exhibit 1 to the Agreement, Company will retain any remaining portion of the License Fees, with no hold backs or pro-rations due to Distributor.

7.2.11 Should Distributor terminate Exhibit 7 pursuant to 8.1(b) of Exhibit 1 to the Agreement, Company will retain any remaining portion of the License Fees, with no hold backs or pro-rations due

**UNISON BRANDED DISTRIBUTOR AGREEMENT**

to Distributor."

10. Article 8 (Inventory Purchases) of the Agreement is hereby deleted in its entirety and replaced with the following:

**"8. INVENTORY PURCHASES**

8.1 In connection with Section 5.9, the Distributor will issue Purchase Orders for the air turbine starter Product for 25% of forecasted units for calendar 2021, with a total purchase price determined in accordance with Exhibit 3. In subsequent years, the Company and Distributor will collaboratively define growth commitments and inventory purchase commitments of Product based on a mutually agreed customer base. During the term of this Agreement, the Distributor's purchases of (i) Products on Exhibit 2 shall not be less than \$20,000,000 during any calendar year and (ii) Products on Exhibit 3 shall not be less than 25% of the forecasted units for such calendar year. The parties shall negotiate in good faith for an appropriate downward adjustment to the annual \$20 million minimum purchase requirement in the foregoing sentence in the event of an excusable delay event, such as the Covid -19 pandemic.

8.2 By November 1, 2022, Distributor will provide a minimum twelve (12) month forecast of additional parts and quantities in connection with Exhibit 7 Products. Company shall review and provide a best estimated delivery date for each line item. Distributor shall then place an order (at cumulative manufacturing lead time provided to Distributor) at the provided delivery dates and take delivery per the order schedule. Note that the cumulative manufacturing lead time provided to Distributor applies to all Products, not just Exhibit 7 Products. This order, and all future orders, will be based on Distributor's obligation to hold a minimum of stock on hand based on guidelines in I-V below:

- I. Runners – defined as parts that have sold at least once every month. Distributor to hold a minimum of three (3) months of stock based on the average units sold during the previous six (6) months.
- II. Repeaters – defined as parts that have sold at least once every six (6) months. Distributor to hold a minimum of six (6) months of stock based on the average units sold during the previous twelve (12) months.
- III. Strangers – defined as all other parts sold in past seven (7) years. Distributor to hold a minimum of twelve (12) months of stock based on the average units sold during the previous forty-eight (48) months.
- IV. For Part Numbers ("PNs") facing forecasted declining platforms & market conditions, the above stocking requirements will be adjusted down accordingly

8.3 Company will have no obligation to accept or purchase any materials back from Distributor in the normal course or upon termination.

8.4 For certain high-volume customers, as required, Distributor will establish and maintain an onsite Product warehouse (e.g., American Airlines Chuck a Bucket), subject to customer administrative and operational support.

8.5 Distributor will maintain an aggregate on time delivery to customer request date of 90% across all Products sold as measured in terms of percentage of lines delivered on time in full (example: 10 lines shipped, 9 delivered on time in full equals a 90% on time delivery).

8.6 For Runners and Repeaters, Distributor will place rolling monthly orders with scheduled delivery forward looking twelve (12) months ("Scheduled Orders"). Company will not ship before requested ship dates for applicable delivery dates without Distributor consent. If Company cannot deliver within the twelve (12) month window, Company shall advise Distributor and orders will be adjusted to the first available delivery time.

8.7 For Scheduled Orders, Company shall provide Distributor a price escalation factor to apply to the current calendar year cost, which shall be upheld at time of scheduled delivery. All other orders placed by

UNISON BRANDED DISTRIBUTOR AGREEMENT

Distributor ("Fill Orders") shall be priced at current calendar year pricing and subject to any pricing changes at time of delivery.

8.8 Distributor shall have the ability to adjust a Scheduled Order by cancelling or pushing out any line item where the Part is outside of company cumulative manufacturing lead time.

8.9 Distributor Contractual Lead Times: Company will provide a listing to Distributor annually that will show by PN the cumulative manufacturing lead time in Calendar Days ("Distributor Lead Time"). Distributor will release orders with request dates equal to, or greater than the Distributor Lead Time for all existing Products. Distributor reserves the right to request expedited delivery (defined as a request date inside of Distributor Lead Time), and Company will use commercially reasonable best efforts to respond to these requests. In the instance that the expedited request cannot be supported, the Distributor request date on the Distributor Purchase Order will be amended to reflect Distributor Lead Time.

1. Article 12 of the Agreement is hereby deleted in its entirety and replaced with the following:

"The following documents shall comprise and shall together be referred to as the "Agreement". In the event of any conflict between the provisions of the contractual documents forming the Agreement, the conflict shall be resolved in accordance with the following order of precedence, unless specified otherwise in the applicable Exhibit:

- a. The Agreement, as amended
- b. Exhibit 1 to the Agreement
- c. Schedule 1 to Exhibit 1 to the Agreement (Terms and Conditions of Sale)
- d. Exhibit 2 to the Agreement
- e. Exhibit 3 to the Agreement
- f. Exhibit 4 to the Agreement
- g. Exhibit 5 to the Agreement
- h. Exhibit 6 to the Agreement.
- i. Exhibit 7 to the Agreement"

11. The following new Article 15 is added at the end of the Agreement:

"15. For all of the Company' current, active spares contracts related to the Products listed in Exhibit 7 (and subject to any required customer consents), Company will fulfill the remainder of the agreement with each respective customer. Upon the expiration or termination of the agreement between each customer and Company, Distributor may independently negotiate a contract with said customers. Company shall provide a notice to Distributor of such expiration or termination. The Exclusions applicable to the Sales and Growth Target for the Exhibit 7 Products only are listed in 7.2.6 and Appendix A to Exhibit 7. Starting on October 1, 2022, Company will not agree to any new contracts (or extend any existing contracts) with Spares content without the prior written consent of Distributor."

12. The last sentence of Section 8(c) of Exhibit 1 to the Agreement is hereby deleted in its entirety and replaced with the following:

"The forgoing events shall, without limitation, be deemed to be just cause for

termination by Company; provided, however, all issues disclosed by Distributor to Company as of September 30, 2022 regarding pending investigations related to alleged violations of anti-corruption or anti-bribery laws or regulations shall not rise to the level of a breach of its duties or responsibilities that constitute just cause for termination of any Exhibit to the Agreement or termination of the Agreement itself.

13. The following language is added at the end of Section 7 of Exhibit 1 to the Agreement (Inventory):

"Company shall have live (real time) access to an available inventory listing that Distributor provides. This listing will include all of Distributor's current stock which is considered available for Company's direct customer needs ("**Available Stock**"). Company may identify Available Stock for a customer need for the following reasons:

- Company has an existing customer order that is set to be delivered at a promise date that Company will not be able to fulfill ("**Unfulfilled Existing Order**") or
- Company has a customer placing an order who wishes to receive delivery before Company's Catalog Lead Time and will pay a premium ("**Expedite Order**")

In the event of either an Unfulfilled Existing Order or an Expedite Order, Company shall purchase directly from Distributor, and provide customer shipping instructions and a freight account. If no freight account is provided, the freight shall default to Company's account. Distributor will absorb, at their sole expense, any incremental IT cost(s) if Company requires it to subscribe to, or otherwise utilize a portal or third-party technical solution to support any shipping activities. Company's purchase price shall be set at fifteen percent (15%) above Distributor's current calendar year cost."

14. Capitalized terms not otherwise defined herein have the meaning ascribed to them in the Agreement.
15. Except as expressly provided in this Amendment, all of the terms and provisions of the Existing Agreement are and will remain in full force and effect and are hereby ratified and confirmed by the Parties.
16. This Amendment is governed by and construed in accordance with, the laws of the State of New York without regard to the conflict of laws provisions of such State.
17. This Amendment may be executed in counterparts, each of which is deemed an original, but all of which constitute one and the same agreement.

SIGNATURES:

IN WITNESS THEREOF this Amendment has been signed on behalf of the parties by their duly authorized representatives on the day and year first above written.

WestJet	518888-1	12/31/2024

The part number exclusion is specific to the customer's name and expiration date listed in the same row as said part number.

Example:

Company will continue to sell part number 9043875 to Lufthansa until at maximum, December 31, 2023.

During this time, Distributor may also sell Company part number 9043875 to Lufthansa at Distributor's price should Lufthansa have an urgent need and Distributor requests and receives written permission from Company. Such permission shall not be unreasonably withheld and will be provided within twenty-four (24) hours of the formal request from Distributor. In the event that Company does not respond within twenty-four (24) hours, then such permission will be deemed to have been granted. All sales of this part number to Lufthansa will be excluded from sales growth calculations.

One business day after the date(s) listed above, Distributor will have exclusivity to receive direct orders for and fulfill orders to the end customers for the Company's parts listed above. These parts will subsequently be incorporated into any calculations performed as a part of fulfilling this amendment.
