Dear Mr. Topolski

This letter is to confirm that AAR Defense Systems and Logistics is an authorized and exclusive distributor for Unison Industries, Jacksonville, Florida, for military products. This distributor is the exclusive channel to the market for selected military products, specifically those parts which are not, by themselves, end items. Included in this list are such items as:- protective caps, capacitors, electrical connectors, heat shrink tubes, fasteners, electron tubes, covers, transformers and assemblies, rectifiers, grommets, insulation strips, spark gaps and assemblies, housings, coils, diodes, kits, conduit, sleeving and yarn.

Unison Industries encourages customers with applications for Unison Industries' military applications to contact AAR Defense Systems and Logistics for price and delivery information, and to contact Unison Industries for clarification of the parts sold exclusively via AAR.

The agreement between Unison Industries and AAR Defense Systems and Logistics will remain in effect until December 31, 2021.

Yours sincerely
