

**AMENDMENT NO. __ TO OCTOBER 18, 2013
EXCLUSIVE MILITARY DISTRIBUTION AGREEMENT AND AMENDMENT NO __ TO THE
COMMERCIAL DISTRIBUTION AGREEMENT**

Eaton Aeroquip, LLC, Eaton Corporation, and Eaton Aerospace LLC ("Eaton" or "Seller") and AAR Supply Chain, Inc. (fka AAR Parts Trading, Inc.) dba AAR Distribution ("AAR" or "Distributor") (Eaton and AAR are referred to collectively as "Parties" and individually as "Party").

WHEREAS, Eaton and AAR are parties to the following agreements:

- A. The Distribution Agreement, dated October 18, 2013, between Eaton and AAR (as amended, restated, supplemented or otherwise modified from time to time, the "Military Distribution Agreement");
- B. The Exclusive Distribution Agreement, dated March 26, 2014, between Eaton and AAR (as amended, restated, supplemented or otherwise modified from time to time, the "Commercial Distribution Agreement," Collectively the Military Distribution Agreement and the Commercial Distribution Agreement are referred to as, the "Distribution Agreements"); and
- C. AAR's release of all claims, dated November 30th, 2017, arising from Eaton's sales of Product directly to the DLA without providing notice under the Military Distribution Agreement.

Effective upon the date of the final signature, Eaton and AAR agree to amend the Distribution Agreements as set forth below (the "Amendment"):

- 1. AAR's annual purchase obligation under the Military Distribution Agreement for 2018, 2019 and 2020 is amended as follows:
 - A. In calendar year 2018, AAR shall order, purchase and take delivery of a target of \$22.5M in Product from Eaton:
 - a. This target represents 50.0% of the minimum Product that AAR shall order, purchase and take delivery from Eaton in calendar year 2018:
 - i. If AAR desires to change this ratio by more than five percent (5%) it must request approval from Eaton with at least ninety (90) days advance notice. Eaton will not deny any reasonable request, but does reserve the right to reject any request.
 - ii. Any shortages or overages to target must be offset in the same quarter by equivalent changes to the Commercial Distribution Agreement for a total of \$45.0M between both Distribution Agreements.
 - iii. If Sales and Fill rate are not meeting Eaton's expectation, Eaton has the right to request a leadership meeting between both parties. If during the meeting

both parties agree that actions are needed, those actions will be completed within five (5) business days.

- b. And in accordance with the following timing and percentages based upon AAR placing orders at published/quoted lead times and recognizing that past dues to these dates count for the quarter they were originally due:

	Q1	Q2	Q3	Q4
Sales Fill	25%	30%	25%	20%
Order Fill	25%	30%	25%	20%

- B. In calendar year 2019, AAR shall order, purchase and take delivery of a target of \$22.5M in Product from Eaton:

- a. This target represents 50.0% of the minimum Product that AAR shall order, purchase and take delivery from Eaton in calendar year 2019:
- If AAR desires to change this ratio by more than five percent (5%) it must request approval from Eaton with at least ninety (90) days advance notice. Eaton will not deny any reasonable request, but does reserve the right to reject any request.
 - Any shortages or overages to target must be offset in the same quarter by equivalent changes to the Commercial Distribution Agreement for a total of \$45.0M between both Distribution Agreements.
 - If Sales and Fill rate are not meeting Eaton's expectation, Eaton has the right to request a leadership meeting between both parties. If during the meeting both parties agree that actions are needed, those actions will be completed within five (5) business days.
- b. And in accordance with the following timing and percentages based upon AAR placing orders at published/quoted lead times and recognizing that past dues to these dates count for the quarter they were originally due:

	Q1	Q2	Q3	Q4
Sales Fill	25%	30%	25%	20%
Order Fill	25%	30%	25%	20%

- C. In calendar year 2020, AAR shall order, purchase and take delivery of a target of \$23.5M in Product from Eaton:

- a. This target represents 50.0% of the minimum Product that AAR shall order, purchase and take delivery from Eaton in calendar year 2020:
- If AAR desires to change this ratio by more than five percent (5%) it must request approval from Eaton with at least ninety (90) days advance notice. Eaton will not deny any reasonable request, but does reserve the right to reject any request.
 - Any shortages or overages to target must be offset in the same quarter by equivalent changes to the Commercial Distribution Agreement for a total of \$47.0M between both Distribution Agreements.

- iii. If Sales and Fill rate are not meeting Eaton's expectation, Eaton has the right to request a leadership meeting between both parties. If during the meeting both parties agree that actions are needed, those actions will be completed within five (5) business days.
- b. And in accordance with the following timing and percentages based upon AAR placing orders at published/quoted lead times and recognizing that past dues to these dates count for the quarter they were originally due:

	Q1	Q2	Q3	Q4
Sales Fill	25%	30%	25%	20%
Order Fill	25%	30%	25%	20%

- D. For both the calendar years 2019 and 2020, AAR shall order, purchase and take delivery of up to an additional \$2.0M in Product from Eaton, on a sliding scale, if the Growth in Sales COGS for AAR under the Military Distribution Agreement increases by at least 5% to 13% from calendar year 2017.
 - a. For calculations of Growth, the baseline Sales COGS in Calendar year 2017 for AAR under the Military Distribution Agreement shall be assumed to be \$21.145M
 - b. The increase of annual order, purchase and delivery of Products is capped at 13% and \$2.0M annually.
 - c. Data needed to calculate and validate Growth shall be provided by AAR to Eaton within thirty (30) days after conclusion of the previous calendar year.
 - d. An amendment to the Distribution Agreements to incorporate any changes to AAR's annual order, purchase and delivery of Products due to the Growth calculation shall be completed within sixty (60) days after conclusion of the previous calendar year.
 - e. For clarity, if the Growth for calendar year 2018 increases from 2017 under the scenarios listed below, the changes to AAR's annual order, purchase and delivery of Products would be as follows:
 - i. If Growth is calculated to be the minimum 5%, then AAR's total annual order, purchase and delivery of Products from Seller shall remain unchanged at \$45.0M for the Distribution Agreements (with the target balance of \$21.9M being from the Commercial Distribution Agreement).
 - ii. If Growth is calculated to be at or above 13%, then AAR's total annual order, purchase and delivery of Products from Seller shall increase by the full \$2.0M to a total of \$47.0M for the Distribution Agreements (with the target balance of \$24.1M being from the Commercial Distribution Agreement).
 - iii. If Growth is calculated to be between 5% and 13%, then AAR's total annual order, purchase and delivery of Products from Seller shall increase on a sliding scale, up to \$2.0M, for a maximum of \$47.0M for the Distribution Agreements.
 - iv. Example:
 - 1. 2017 Baseline = \$21.145M
 - 2. 2018 Sales COGS = \$22.517M

3. Growth is 6.5% therefore on a slide scale is 1.5% above the 5% at 8.0%. $[(1.5\% / 8.0\%) * \$2.0M = \$0.380M] + \$45.0M = \$45.38M$
 4. For both the calendar year 2019 AAR shall order, purchase and take delivery of \$45.38M Product from Eaton
2. AAR's annual purchase obligation under the Commercial Agreements for 2018, 2019 and 2020 is amended as follows:
- A. In calendar year 2018, AAR shall order, purchase and take delivery of a minimum of \$22.5M in Product from Eaton
- a. This target represents 50.0% of the minimum Product that AAR shall order, purchase and take delivery from Eaton in calendar year 2018:
 - i. If AAR desires to change this ratio by more than five percent (5%) it must request approval from Eaton with at least ninety (90) days advance notice. Eaton will not deny any reasonable request, but does reserve the right to reject any request.
 - ii. Any shortages or overages to target must be offset in the same quarter by equivalent changes to the Commercial Distribution Agreement for a total of \$45.0M between both Distribution Agreements.
 - iii. If Sales and Fill rate are not meeting Eaton's expectation, Eaton has the right to request a leadership meeting between both parties. If during the meeting both parties agree that actions are needed, those actions will be completed within 5 business days.
 - b. And in accordance with the following timing and percentages based upon AAR placing orders at published/quoted lead times and recognizing that past dues to these dates count for the quarter they were originally due:

	Q1	Q2	Q3	Q4
Sales Fill	25%	30%	25%	20%
Order Fill	25%	30%	25%	20%

- B. In calendar year 2019, AAR shall order, purchase and take delivery of a minimum of \$22.5M in Product from Eaton:
- a. This target represents 50.0% of the minimum Product that AAR shall order, purchase and take delivery from Eaton in calendar year 2019:
 - i. If AAR desires to change this ratio by more than five percent (5%) it must request approval from Eaton with at least ninety (90) days advance notice. Eaton will not deny any reasonable request, but does reserve the right to reject any request.
 - ii. Any shortages or overages to target must be offset in the same quarter by equivalent changes to the Commercial Distribution Agreement for a total of \$45.0M between both Distribution Agreements.
 - iii. If Sales and Fill rate are not meeting Eaton's expectation, Eaton has the right to request a leadership meeting between both parties. If during the meeting

both parties agree that actions are needed, those actions will be completed within 5 business days.

- b. And in accordance with the following timing and percentages based upon AAR placing orders at published/quoted lead times and recognizing that past dues to these dates count for the quarter they were originally due:

	Q1	Q2	Q3	Q4
Sales Fill	25%	30%	25%	20%
Order Fill	25%	30%	25%	20%

- C. In calendar year 2020, AAR shall order, purchase and take delivery of a minimum of \$23.5M in Product from Eaton:

- a. This target represents 50.0% of the minimum Product that AAR shall order, purchase and take delivery from Eaton in calendar year 2020:
- If AAR desires to change this ratio by more than five percent (5%) it must request approval from Eaton with at least ninety (90) days advance notice. Eaton will not deny any reasonable request, but does reserve the right to reject any request.
 - Any shortages or overages to target must be offset in the same quarter by equivalent changes to the Commercial Distribution Agreement for a total of \$47.0M between both Distribution Agreements.
 - If Sales and Fill rate are not meeting Eaton's expectation, Eaton has the right to request a leadership meeting between both parties. If during the meeting both parties agree that actions are needed, those actions will be completed within five (5) business days.
- b. And in accordance with the following timing and percentages based upon AAR placing orders at published/quoted lead times and recognizing that past dues to these dates count for the quarter they were originally due:

	Q1	Q2	Q3	Q4
Sales Fill	25%	30%	25%	20%
Order Fill	25%	30%	25%	20%

3. The notice provision in Article III (a) of the Distribution Agreements is amended as follows:

A. Military Distribution Agreement:

- Modify the notice provision from one-hundred and eighty (180) days to thirty (30) days. The notice provision of one-hundred and eighty (180) days still applies to Article III (b) and (c).
- Should Eaton notify AAR of its intent to act under Article III (a), or if Eaton acts under Article III (a) but fails to notify AAR of its intent, the Parties agree to review AAR's stock on hand and future purchase commitments of the Product Eaton intends to take direct, or already took direct and failed to notify AAR, and adjust AAR's stock and purchase commitments accordingly.

- B. Commercial Distribution Agreement: Should Eaton notify AAR of its intent to act under Article III (a), or if Eaton acts under Article III (a) but fails to notify AAR of its intent, the Parties agree to review AAR's stock on hand and future purchase commitments of the Product Eaton intends to take direct, or already took direct and failed to notify AAR, and adjust AAR's stock and purchase commitments accordingly.
4. Section 5 Exhibit E (Special business Terms and Conditions) of the Military Distribution Agreement is updated as follows:
- A. Remove the parenthetical reference to the outdated clause.
 - B. Remove the outdated threshold reference of \$150,000. The changes above recognizes the current change to the simplified acquisition threshold as well as ensure this agreement does not need further amendment as the USG updates it's thresholds.
 - C. Does not apply to open solicitations currently open as of the signing of this Amendment, but will apply to any new solicitation going forward
5. Subject to the conditions below, AAR may return Product that AAR previously purchased from Eaton under the Military Distribution Agreement, so long as the Product meets all of the conditions listed below and is thus deemed ("Returnable Product"). Eaton's acceptance of Returnable Product under this Amendment is a one-time arrangement and is expressly limited to the terms of this Amendment. Nothing in this Amendment gives AAR the right to return Product not identified as Returned Product.

Conditions for acceptance of Returnable Product:

- A. The Returnable Product must not be readily salable by AAR, due solely, or due consequentially, to Eaton's sale of the same Product to the DLA via Long Term Contract (LTC) between January 1, 2014 and December 31, 2018.
- B. All Returnable Product must be returned to Eaton on or before May 31, 2019.
- C. By the 5th working day of each month, AAR is to submit a proposed return schedule to Eaton for the current month's proposed Returnable Product. Eaton may request adjustments to proposed monthly schedule(s) and modifications shall not be unreasonably withheld.
- D. Eaton may reject Returnable Product unless such Product is received by Eaton in salable condition (i.e. no damage, never in service, the original date is not earlier than 1 January 2014, etc.) with all original paperwork, invoicing and packaging or an equivalent to its original.
 - a. If Returnable Product inspected by Eaton does not meet the salable condition requirements, Eaton will inform AAR in writing.
 - b. Within five (5) calendar days of receiving written notification, AAR has the option to either a) have the product returned to AAR with a modified Certification of Conformance to reflect the product is unsalable, or b) have the product scrapped, at AAR's cost. If AAR elects for the product to be scrapped, the Parties will perform in accordance with Section 4(F) below. Regardless of the option chosen by AAR, the

subject product must be removed from Eaton's facility within five (5) calendar days after receipt of notification at AAR's cost.

- E. The price Eaton will credit AAR for accepted Returnable Product will be in accordance with the terms of this Amendment and based on the original invoice price AAR paid Eaton for the accepted Returnable Product. No other fees, including but not limited to holding charges, are allowable.
 - F. When mutually agreed by the Parties in writing, AAR may scrap Returnable Product at no cost to Eaton. A complete and signed scrap certification Attachment must be provided to Eaton prior to credit being issued to AAR for Returnable Product to be scrapped. When all conditions of Section 4(F) are met, the Returnable Product listed on the final executed scrap certification will be considered accepted.
 - a. If the Returnable Product is agreed to be scrapped at AAR's location, a complete and signed On-Site Scrap Certification Form (Attachment B) must be provided
 - b. If the Returnable Product is agreed to be scrapped at Eaton's location, a complete and signed Scrap Certification Form must be provided
 - G. Title to Returnable Product will not transfer until Eaton performs an inspection and accepts the Returnable Product.
 - H. **ANY RETURNABLE PRODUCT NOT MEETING THE FOREGOING REQUIREMENTS IS NOT ELIGIBLE FOR RETURN AND ANY SUCH PRODUCT THAT AAR ATTEMPTS TO RETURN WILL BE REJECTED BY EATON AND RETURNED TO AAR AT AAR'S EXPENSE AND AAR SHALL CANCEL THE RMA WITH NO PENALTY TO EITHER PARTY.**
6. Subject to the conditions below, AAR and Eaton agree to work in good faith to redirect the Product and quantities that AAR purchased from Eaton under the Military Distribution Agreement ("Other Product") (Attachment A). Eaton's support of Other Product under this Amendment is a one-time arrangement and is expressly limited to the following terms.

Conditions for support of Redirect Product:

- A. Claims from AAR for Eaton's support of potential Other Product must be identified by the dates listed in Attachment A.
- B. As the Parties identify new customers for the Other Product, AAR will by the 5th of each month, submit a proposed schedule to Eaton for review. Eaton may request adjustments to proposed monthly schedule(s) and modifications shall not be unreasonably withheld.
- C. Good faith efforts include commercially reasonable options available to the Parties including but not limited to changes in pricing, new customers, and changes in title, etc.

ANY REDIRECT PRODUCT NOT MEETING THE FOREGOING REQUIREMENTS IS NOT ELIGIBLE FOR REDIRECT AND ANY SUCH PRODUCT THAT AAR ATTEMPTS TO REDIRECT WILL NOT BE SUPPORTED BY EATON. EATON HAS SOLE DISCRETION, FOR DETERMINING WHETHER A PRODUCT QUALIFIES TO BE INCLUDED AS A REDIRECT PRODUCT.

- 7. As part of the consideration for this Amendment, Eaton agrees to a one-time extension of

payment terms by thirty (30) days on two million dollars (\$2,000,000) of AAR's outstanding current accounts payable as of 30 May 2018. Payment terms will revert to prior agreement after this one-time extension, and the Parties agree that the two million dollars (\$2,000,000) that was subject to the extended terms, is due and payable to Eaton no later than 30 June 2018. This consideration is not related to any referenced inventory in this amendment.

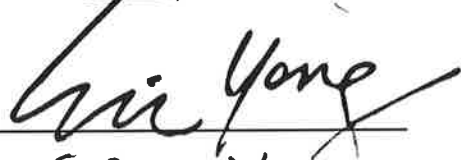

8. Add a new subsection O to "Section V. Responsibilities of Distributor: Order Entry Requirements and Certification" and an Exhibit F to the Military Distribution Agreement to define how the Parties will administer orders under this agreement:
 - A. Add new Subsection O: "Distributor shall enter all orders in the MyEaton.com/CCP Portal or equivalent (collectively referred to as "Eaton's Distribution Portal") in accordance with Exhibit F. Distributor shall select all Distributor Purchase Order requirements as flowed from Distributor's end customer to Eaton in Eaton's Distribution Portal. If a requirement cannot be selected in Eaton's Distribution Portal, Distributor shall contact Seller immediately to correct the problem. If any of the requirements between Distributor and Distributor's Customer are not selected by Distributor and thus not flowed to Eaton at the time of entry into Eaton's Distribution Portal, this omission will be treated as a Distributor non-conformance and is solely the Distributor's responsibility. Additionally, Distributor shall certify each order within Eaton's Distribution Portal to comply with this requirement." If after two (2) business days of contacting Seller, Distributor is unable to select the requested requirement in Eaton's Distribution Portal, the AAR PO will take precedence.
 - B. Parties agree to work in good faith to finalize the requirements needed for Distributor to flow requirements from Distributor's end customer to Eaton in Eaton's Distribution Portal and amend the Military Distribution Agreement to add these requirements as an Exhibit F. The Parties agree to finalize the Exhibit F and add it to the agreement no later than September 30th, 2018. The new addition, outside of what is currently performed by AAR in the above provision section A (requirement to certify) shall not be in effect until both parties have finalized Exhibit F and the needed changes have been made within Eaton's Distribution Portal.
9. AAR agrees to immediately pay all currently past due accounts owed to Eaton and submit all orders at published/quoted lead times to meet purchase commitments from Eaton in 2018 as outlined in Sections 1 and 2 above. Past due does not include any items in dispute for QA holds or rejections. Orders will be placed at lead times when possible.
10. After May 31, 2018, either party may terminate this Amendment for convenience effectively immediately. Sections 1, 2, 3, 5, and 7 shall survive termination. Furthermore, in the event Eaton elects to terminate the Amendment, within thirty (30) days the Parties will negotiate and agree to an equitable solution to Product meeting the classification of Returnable Product under Section 4.

All other terms and conditions of the Distributor Agreements shall remain the same.

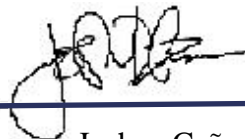

This Amendment is the complete agreement of the Parties with respect to the subject matter addressed herein, and it supersedes any prior or contemporaneous agreements with respect to the same subject matter.

IN WITNESS WHEREOF, the Amendment shall be duly executed as of the date set forth above.

Attachment B: On-Site Scrap Certification Form

The following items have been deemed scrapped by AAR _____.

Part Number	Serial Number / Part Marking	Qty.	Reason for Scrap

AAR: Please sign & return this form to Eaton Aeroquip, LLC at 300 East Ave., Jackson, MI 49203

Parts (s) to be destroyed by: _____
(Company Name)

The undersign hereby confirms that the above mentioned parts have been scrapped in accordance with the "APPENDIX D. SCRAP OR SALVAGEABLE AIRCRAFT PRODUCTS AND ARTICLES." Reference www.faa.gov/aircraft as it pertains to the proper disposal of aircraft parts to assure that these parts cannot be returned to service. Mutilation should be accomplished in such a manner that the parts become unusable for their original intended use. Mutilated parts should not be able to be reworked or camouflaged to provide the appearance of being serviceable such as, re-plating, shortening and re-threading long bolts, welding, straightening, machining, polishing or repainting.

Purchaser will not use or convey the products and articles for use in aviation products. Mutilation may be accomplished by one or a combination of the following methods, but is not limited to:

- (a) Grinding.
- (b) Burning.
- (c) Removal of a major integral feature.
- (d) Permanent distortion of parts.
- (e) Cutting a significant size hole with a cutting torch or saw.
- (f) Melting.
- (g) Sawing into many small pieces.
- (h) Removing manufacturer's identification, part, lot, batch, and serial numbers.
- (i) Other: _____

NOTICE: PURCHASER HEREBY WAIVES ALL CLAIMS TO CORRECTIVE ACTION, LIABILITY OR ANY OTHER CONTRACTURAL OBLIGATIONS ASSOCIATED WITH PRODUCTS LISTED ABOVE AGAINST EATON AEROQUIP LLC.

Please attach Approval to scrap on site provided by Eaton Personnel to this certification.

Signature: _____
(Authorized Representative)

Print Name: _____ Date: _____
