

### Amendment 5

Eaton Aeroquip, LLC, Eaton Corporation, and Eaton Aerospace LLC ("Eaton" or "Seller") and AAR Supply Chain, Inc. (aka AAR Parts Trading, Inc.) dba AAR Distribution ("AAR" or "Distributor") Eaton and AAR are referred to collectively as "Parties" and individually as "Party".

WHEREAS, Eaton and AAR are parties to the following agreement:

The Distribution Agreement, dated October 18, 2013, between Eaton and AAR (as amended, restated, supplemented or otherwise modified from time to time, the "Military Distribution Agreement");

Effective upon the date of the final signature, and Distributor's verification of incorporation of all Selectable criteria contained herein within Eaton's Distribution Portal, Eaton and AAR agree to amend the Distribution Agreements as set forth below (the "Amendment"):

1. Delete the final paragraph of Section I. SCOPE AND INTEGRATION and replace in its entirety as below:

This Agreement, together with the Exhibits referenced above, contain the entire understanding of the parties in respect to the transactions contemplated. As such, they supersede all prior negotiations, commitments and writings, including but not limited to any prior distribution agreement in effect between the parties hereto. Distributor hereby grants Seller a full, irrevocable and unconditional release of any and all amounts, investments, obligations and charges possibly due by Seller to Distributor under any prior agreement. This Agreement shall be interpreted in accordance with the following precedence in the event of a conflict of any part hereof:

- A. the main body of this agreement
- B. Exhibit B
- C. Exhibit F
- D. the remaining Exhibits (A, D and E)
- E. Any AAR Purchase Order emailed to Seller

2. Amend subsection O to "Section V. Responsibilities of Distributor: Order Entry Requirements and Certification" as follows and add Exhibit F and G as below:

A. For CAGE codes 00624, 08118 and 8W928, Distributor shall enter all Purchase Orders and their terms and conditions intended for Seller using the MyEaton.com/CCP Portal or equivalent (collectively referred to as "Eaton's Distribution Portal") in accordance with Exhibit G below. Distributor shall select the Exhibit G specification which captures all mutually agreed upon terms and conditions herein. Additionally, Distributor is responsible for the review of Distributor's end Customer contract and shall ensure all necessary terms and conditions related to that contract are flowed from Distributor's end customer contract to Eaton, during order entry, in Eaton's Distribution Portal. Distributor shall also validate that the part revisions within the solicitation match those found within Eaton Distribution Portal.

Distributor and Seller will mutually agree to any additional requirements to be added to either Exhibit G or as a Selectable Specification within the Distribution Portal. All Selectable Specifications available in Distribution Portal are considered approved for use between Seller and Distributor, provided that they appear on Distributor's contract with its End Customer and product was quoted by Seller with those specifications.

All Selectable Specifications contained herein are mutually agreed by Distributor and Seller. If a requirement is not available in Eaton's Distribution Portal, or cannot be selected in Eaton's Distribution Portal, Distributor shall contact Seller immediately for a Specification Help Request to correct the problem. However, if after three (3) business days (including the 24 hours required for batching of new specifications) of contacting Seller, Distributor has not gotten a response on its Specification Help Request, that specification on the AAR PO will take precedence once PO is provided to Eaton with a specific request to action/add the new Selectable Specification. Distributor will enter the rest of the Order within the Eaton

Distribution Portal as outlined above and PO submitted to Eaton will serve as proof that new term or condition within Specification Help Request was flowed down. For avoidance of doubt, Seller has sole discretion on the implementation of an additional specification within Eaton's Distribution Portal.

Notwithstanding the forgoing clause availability and/or selectability referenced above, if any of the requirements between Distributor and Distributor's Customer are not selected by Distributor, and thus not flowed to Eaton at the time of entry into Eaton's Distribution Portal, this omission will be treated as a Distributor non-conformance and is solely the Distributor's responsibility. Any resulting costs to mitigate or remediate the non-conformance of the Order shall be borne by Distributor. For avoidance of doubt, when Distributor orders parts to stock, Distributor acknowledges that Eaton is not responsible for its eventual End Customer's requirements. Parties will not unduly withhold support to collaborate for the purposes of providing remedy for End Customer requirements.

Additionally, Distributor shall certify that it has performed a comparative analysis of any order it receives from its End Customer to each and every Order placed within Eaton's Distribution Portal to comply with this Requirement.

For the purposes of this Agreement:

**"End Customer"** shall mean a contracting entity that has an executed contract for goods with Distributor which contains Products from Seller's Primary Trading Area as outlined in Exhibit A of the Military Distribution Agreement.

**"Order"** shall mean the Distributor's commitment and requirements of purchase including mutually agreed price, lead time, part number and all associated terms and conditions.

**"Selectable Specification"** shall mean a selectable specification within Eaton's Distribution Portal that Distributor shall manually select (add) to their Order when entering to properly flow its End Customer requirements.

**"Specification Help Request"** shall mean a communication sent to an authorized Eaton representative (Account Representative, Contracts Representative or Technical Support Representative) with the subject "Proposed Additional Selectable Specification."

3. Add Exhibit F and G as attached.
4. Add subsection P to "Section V. Responsibilities of Distributor: Additional Distributor Responsibilities:

Distributor shall maintain an active entity registration in SAM complying with requirements to report proceedings data in accordance with FAR 52.209-7 Information Regarding Responsibility Matters, with requirements to report executive compensation data in accordance with FAR 52.204-10 Reporting Executive Compensation and First-Tier Subcontract Awards and all other requirements so contained within the SAM registry ([www.sam.gov](http://www.sam.gov))

IN WITNESS WHEREOF, the parties have caused this Amendment to be duly executed as of the day and year set forth above.

## Exhibit F

If Distributor receives a solicitation from its End Customer which requires specifications which increase cost and time for Seller to perform, Distributor must contact Seller for those additional costs to include in its response to its End Customer. Additionally, Distributor is hereby on notice that the following clauses contained herein will require additional cost and time to perform (not an all-inclusive list). Distributor shall advise Seller if it discovers an additional End Customer requirement which meets this criteria.

Distributor shall also validate that the part revisions within the solicitation match those found within Eaton Distribution Portal.

### A. Specific Approval Required

**Due to the challenging compliance requirements and limitations of authority, Seller hereby reserves its agreement and consent to accept the following FAR Clauses as a flow down at time of Distributor quotation to its End Customer and more specifically at time of quotation from Seller to Distributor:**

52.215-20	Requirements for Certified Cost or Pricing Data
52.215-21	Requirements for Certified Cost or Pricing Data and Data Other Than Certified Cost or Pricing Data
52.217-9	Option to Extend the Term of the Contract
52.217-9012	Warstopper Program Material Buffer Availability
52.219-9	SMALL BUSINESS SUBCONTRACTING PLAN
RC001	DOCUMENTATION REQUIREMENTS FOR SOURCE APPROVAL REQUEST (SAR)

**In the event any of the foregoing FAR clauses are included in a customer solicitation or contract, Distributor shall provide express notice to Eaton and highlight the presence of these clauses in any solicitation or order for supplies. The Parties mutually agree that at no time will any of the clauses listed in section A be Selectable Specifications available for inclusion in any automated systems or portals. Seller shall provide a response within 30 (thirty) business days addressing Seller's position to support, and/or no-quote Distributor. Seller will work reasonably to continuously improve response times to the Distributor.**

### B. Additional Clauses which are known to cause additional cost and time to perform (not an all-inclusive list):

52.209-3	First Article Approval
52.209-4	First Article Approval—Government Testing
E01	Supplemental First Article Exhibit Disposition- Contractor Maintained
52.27-9018	DLAD - First Article Inspection (FAI)
52.246-9000	Certificate of Quality Compliance
52.246-9003	Measurement & Test Equipment Applies
52.246-9004	Product Verification Testing
252.211-7003	Item Unique Identification and Valuation
E03	Production Lot Testing-Contractor
E05	Product Verification Testing
RT001	MEASURING AND TEST EQUIPMENT

The additional costs for the above specifications are listed in Eaton Distribution Portal. Seller will provide to Distributor any additional time or costs (beyond those listed in Eaton Distribution Portal) to perform as needed. For Production Lot Testing and Item Unique Identification and Valuation, Distributor shall contact Seller with the relevant part information so that Seller may assess the costs (if any) for the subject parts. Distributor shall submit a Purchase Order for the miscellaneous charges.

**EXHIBIT G****FAR/DFAR/DLAD Flow downs and Order Entry System Selections**

Eaton and Distributor shall use the FAR/DFAR definitions provided at <http://farsite.hill.af.mil/> and Procurement Notes definitions provided at (<http://www.dla.mil/HQ/Acquisition/Offers/DLAD/DLADProcurementNotes.aspx>).

Distributor and Seller agree, for each Order satisfied to Distributor, that Distributor flowed the following clauses, listed in Section A, below:

**A. Mutually Agreed Flow downs:****FAR Clauses**

52.203-6	Restrictions on Subcontractor Sales to the Government
52.203-7	Anti-Kickback procedures
52.203-11	CERTIFICATION AND DISCLOSURE REGARDING PAYMENTS TO INFLUENCE CERTAIN FEDERAL TRANSACTIONS
